

## Date & Location

Saturday, September 13, 2025, 7:00 AM - Sunday, September 14, 2025, 3:00 PM, Waltham Woods Conference Center, Waltham, MA

## Target Audience

**Specialties** - PCP, Internal Medicine, ER Physicians, Neurology, Neurosurgery, Radiology    **Professions** - Physician, PA, NP, Nurses

## Learning Objectives

**At the conclusion of this activity, learners will be able to:**

Recognize the early signs, typical imaging findings, and neurosurgical treatment options of common movement disorders.

Identify the role that triage, neuroimaging, and modern neurosurgery plays in managing the patient with back pain

Discuss the indications, technical considerations and potential complications of stroke prevention with endarterectomy and stenting.

Assess potential indications, risks and complications of novel endovascular treatment routes for tinnitus.

Discuss and review recent and new clinical studies regarding post-stroke depression.

Apply knowledge of new imaging and pharmaceutical management for treatment of cognitive decline.

Recognize the clinical manifestations, imaging features and treatment challenges of patients presenting with CSF leaks.

Discuss recent advances and studies in treatment and imaging of headaches.

Assess risk management when obtaining Neuroimaging for patients with Headaches

## Registration

Registration is open @ <https://lahey.cloud-cme.com/>

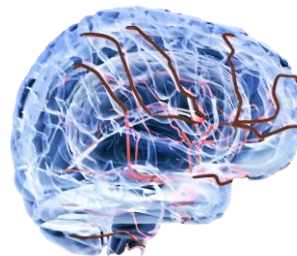

## Cancellation Policy

Please note that cancellation fees vary depending on the activity.

Cancellations must be made in writing, and refunds, minus the applicable cancellation fee, will be processed within 2 weeks. For cancellations made within 15 days or no-shows, the full registration fee may be forfeited. If you have any questions, please contact us at [kim.e.scroxton@lahey.org](mailto:kim.e.scroxton@lahey.org)

## Accessibility Statement

Lahey Clinical Hospital Inc. is committed to ensuring that its programs, services, goods and facilities are accessible to individuals with disabilities as specified under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Amendments Act of 2008. If you have needs that require special accommodations, including dietary concerns, please contact the CME Conference Coordinator.

# Lahey NeuroSciences Symposium

Waltham Woods Conference  
Center, Sept 13-14, 2025

Dear Colleagues,

Herewith we would like to introduce the Lahey Neurosciences Symposium as a multidisciplinary annual CME-accredited teaching course that is geared towards the Community of Neurologists, Primary Care, General Internal Medicine, and ER physicians in New England.

This year, our goals are to showcase cross-disciplinary collaborative approaches to commonly identified clinical scenarios such as Backpain, Headaches, Movement Disorders, Stroke Prevention, or Tinnitus. Please find the full program at the end of the email. Lahey

Specialists from the Divisions of Neurology, Neurosurgery, Psychiatry, Diagnostic and Interventional Neuroradiology will describe clinical features, highlight “red flags”, explain typical imaging findings and discuss treatment options including conservative management, medication, surgery or endovascular intervention, and, most importantly highlight the interaction of community and specialized care including multidisciplinary clinics offered at Lahey. There will be time for the “voice of the patient”, discussions with the audience as well as Q&A.

We hope that the Lahey Neuroscience Symposium will bridge knowledge gaps, enhance patient care, and foster collaboration, ultimately leading to better health outcomes. Therefore, please join us at Waltham Woods Conference Center on September 13 and 14, 2025 for this collaborative symposium.

Dr. Timo Krings, Neurointerventional Radiology

Dr. Zoher Ghogawala, Neurosurgery

Dr. Jayashri Srinivasan, Neurology

Dr. Mara Kunst, Neuroradiology

Dr. Patrick Aquino, Psychiatry

Beth Israel Lahey Health

Day 1 - Sat Sept 13	Lahey Neurosciences Symposium LNSS	0800 - 1700
<b>TIME</b>	<b>NAME OF TALK</b>	<b>Lecturer</b>
7:30 AM - 8:00 AM	Introduction of Lahey NSS	Susan Moffat Bruce MD PhD
	MINISymposium: Movement Disorders	
8:00 AM - 8:30 AM	Identifying early signs of common MD	Diana Apetauerova MD
8:30 AM - 8:50 AM	Imaging of MD: When to do & what to expect	Juan Small MD
8:50 AM - 9:10 AM	DBS for MD - State of the Art	Cletus Cheyuo MD PhD
9:10 AM - 9:30 AM	A Lahey Patient Story	
9:30 AM - 10:00 AM	COFFEE BREAK	
	MINISymposium: Backpain	
10:00 AM - 10:30 AM	Triage - How does a patient with back pain find the right treatment?	Robert Whitmore MD
10:30 AM - 10:50 AM	Who needs an MRI?	Juan Small MD
10:50 AM - 11:10 AM	So I don't need surgery - now what?	Naman Goel MD
11:10 AM - 11:30 AM	Spine Surgery - Last Resort or Pathway to Future?	Subu Magge MD
11:30 AM - 12:00 PM	PANEL: Failed Back Surgery - is it hopeless?	David van Norstrand MD PhD
12:00 PM - 1:00 PM	LUNCH BREAK	
	MINISymposium: Tinnitus	
1:00 PM - 1:30 PM	Identifying different types of Tinnitus	Elizabeth Toh MD
1:30 PM - 2:00 PM	Imaging in Tinnitus: When to do & what to expect	Mara Kunst MD
2:00 PM - 2:30 PM	Endovascular Management of Tinnitus	Neil V. Patel MD
2:30 PM - 3:00 PM	A Lahey Patient Story	
3:00 PM - 3:30 PM	COFFEE BREAK	
	MINISymposium: Stroke Prevention	
3:30 PM - 4:00 PM	How to prevent Stroke? Manage Risk factors!	Matt Tilem MD
4:00 PM - 4:30 PM	And if medical management is not enough: Do I send for Endarterectomy or Stenting?	Jonathan Pace MD
4:30 PM - 5:00 PM	How to deal with Depression after Stroke	Laura Safar MD
5:00 PM - 5:30 PM	Q&A and Wrap up of Day	

Day 2 - Sun Sept 14	Lahey Neurosciences Symposium LNSS	0800 - 1330
<b>TIME</b>	<b>NAME OF TALK</b>	<b>Lecturer</b>
	Minisymposium Cognitive Decline	
8:00 AM - 8:20 AM	Screening Tools for Dementia	Larry Schibuk MD
8:20 AM - 8:40 AM	When to image and what to expect...	Oleg Yerstein MD & Mara Kunst MD
8:40 AM - 9:00 AM	Update on -mabs for MCI	Oleg Yerstein MD
9:00 AM - 9:20 AM	Imaging findings after Amyloid reducing Antibodies - and how to deal with them	Mara Kunst MD & Oleg Yerstein MD
9:20 AM - 9:40 AM	DBS and Dementia - Ready for Primetime?	Cletus Cheyuo MD PhD
9:40 AM - 10:00 AM	Dural AVF - A rare & reversible cause for Dementia	Timo Krings MD PhD
10:00 AM - 10:30 AM	COFFEE BREAK	
	Minisymposium Headaches	
10:30 AM - 10:50 AM	Lahey Patient Story - CSF Leak	Joe Burns MD
10:50 AM - 11:20 AM	How do you identify different types of headache?	Joy Burke MD
11:20 AM - 11:50 AM	Initial Management of Headaches and When to recommend imaging	Joy Burke MD
11:50 AM - 12:20 PM	Imaging in Headaches: Cases you do not want to miss!	Sara Fardin MD
12:20 PM - 12:40 PM	CSF Leak Management	Emanuele Orru MD
12:40 PM - 1:00 PM	Discussion and Adjourn	

Lahey Clinic Hospital, Inc. is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Lahey Clinic Hospital, Inc. designates this live activity for a maximum of 12 *AMA PRA Category 1 Credits™*.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.
